Virtual Paralegal Forum – Monthly Discussion

Dear VPTC Members:

First let me officially say, Thank You for joining [The Virtual Paralegal Training Center](#) (“VPTC”).

VPTC was launched in January 2010 after many hours of researching the virtual paralegal business. I became frustrated that there were very little information on the “virtual paralegal” business. I found a wealth of information on the virtual assistant business but very little geared towards paralegals in general. I have decided to create a community where other virtual paralegals and virtual assistants may come together and network to bring about more recognition and respect to our industry.

My goal for [The Virtual Paralegal Training Center](#) is to provide training and resources for virtual paralegals to help them start and grow their business; as well as to join forces with virtual assistants to create a community where we can work together virtually as well as we did in the office to meet our mutual clients’ needs.

I hope that as members you will take an active role in the development of the training center to ensure that VPTC provides the training and resources you need to help you grow professionally as well as personally.

As a member of [The Virtual Paralegal Training Center](#) you may contribute to the community in various ways, for example:

- Submitting news and articles relevant to the virtual paralegal and virtual law industry.
- Submitting guest Blog posts and tips that is relevant to the virtual paralegal business.
